

OXLEY COLLEGE APP (For Parents)

The Oxley College App

The App for parents provides a centralised place for focused School communications, giving timely access to

- To-Do
- School Calendar
- Timetables
- Notices
- Events
- Absences
- Canteen
- Academic Tasks and Reports
- Website, Links and Contacts

The App is complimentary to the Portal and does not replace it.
For certain functionality you will still need to access the Portal computer.

The App Dashboard

The dashboard provides an instant overview of all the modules giving you instant access to Notices, the ToDo module and other useful functions. Further functionality will be added to the App as it becomes available. When you first download the App we recommend that you have a look at all the options, starting with your settings.

Todo

All your unactioned, pending notifications will be placed here for you to review.

Outstanding actions (triggered push notifications) are represented by a numbered dot which will be sent to the app when items are posted by the school.

When the event is reviewed, a confirmation will pop. Thereafter, any actioned item will disappear from the ToDo module and will be moved to the Events module for your future reference.

To view the Event details, tap the Event name. The Event details will be displayed.
